

# **Fancy Dress Competition of** **Senior KG**

**7th November, 2025**

## ***A CELEBRATION OF BIRDS***

On 7th November, the Senior Kindergarten students participated in a lively and colourful Fancy Dress Competition based on the theme “Birds.” A panel of judges was invited to assess the creativity, presentation, and confidence of the children.

The young participants came dressed as a variety of beautiful birds—parrots, peacocks, swans, eagles, and much more. Their costumes were truly eye-catching and reflected the combined efforts of the children, their teachers, and the dedicated parents who spent time and creativity preparing each outfit. The parents’ support played an important role in making the event special and memorable.

The theme encouraged children to learn about different bird species, their habits, and the important part they play in the environment. Through the event, the children not only enjoyed dressing up but also gained knowledge about nature, wildlife, and the beauty of our feathered friends.

The competition provided a wonderful platform for the students to express themselves, build confidence, and showcase their creativity. Overall, it was a joyful and meaningful celebration filled with learning, enthusiasm, and vibrant bird-inspired costumes.
