

POETRY COMPETITION

“The Pre-Primary Section conducted a Poetry Competition for the Senior KG students on the 19th of September 2025.” The enthusiastic participants from Sr. KG A, B, and C divisions recited their poems with confidence, charm, and joy. The young learners showcased their talent through expressive voices, clear diction, and delightful gestures, making the event both lively and memorable. Each child presented their poem in a unique style, reflecting their individuality and making every performance distinct and engaging.

The purpose of organizing the Poetry Recitation Competition was to foster in children a love for language and literature while enhancing their speaking and presentation skills. Poetry recitation not only helps in improving vocabulary, articulation, and memory but also builds stage confidence and the courage to perform before an audience. Above all, such events nurture creativity, imagination, and self-expression in young minds, laying a strong foundation for their holistic development.
