

PALM PRINTING ACTIVITY

SENIOR KG SECTION

On 26th September 2025, Friday Our Little Angels' from Senior Kg Section took part in Palm Printing Activity. Children dipped their tiny palms into bright and vibrant colours and joyfully pressed them on paper, creating beautiful colourful bird feathers.

This hand on activity not only brought smiles to their innocent faces but also helped them explore colours, shapes and creativity in a playful way. It enhanced their fine motor skills and gave them a sense of joy and pride as they admired their own little handprints turning into works of art.
